Dear Divya,

First of all, I would like to thank the whole team of DIVA IMMIGRATION SERVICES who have helped me in getting the U.K Working Holiday Maker Visa. Actually I was lined up for the interview, but with the great help and positive feedback from DIVA, I got this visa.

I was treated very professionally but in a very friendly manner and all the things were taken care of with great excellence. The very efficient & courteous staff helped me to prepare an effective application, which resulted in issuance of this visa.

I am very happy and thankful to the staff of DIVA Immigration Services & especially to Mrs. Divya Bakshi Arya for her great expertise and information that she provided me, which helped me to qualify for the interview.

And my special thanks to Ms. Ruby Kochhar for her great help and concern she shows at every moment in the preparation of my application.

In the end, I would like to recommend each & every person who is thinking of applying or needs any type of expertise regarding the visa services or in any Immigration matter, please please go through Divya. They are the Best!!!!!!!

And I will also add one thing to the above that they had proved they are not consultants, they are very professional lawyers.

Regards
