Dear Divya,

I would like to thank you and Ruby for all the help that was extended in getting me the U.S. business/ visitor's visa for the maximum period i.e. 10 year-multiple entry.

I appreciate the way you prepared me for the interview, the visa officer pretty much asked the same questions that we discussed.

The file was very detailed and very well arranged that one could easily make out what the contents were. It added to my confidence. They didn't ask for even a single document and I am sure it had to do with my overall appearance which again was advised by you.

This is the second time that I approached Diva Immigration Services for visa guidance/assistance and am so glad that I did. Moral of the story – LOOK NO FURTHER.

Thanks for making the whole process so simple. You guys were a big help.

Best regards,
Harpreet Hora
