I am grateful to Divya Immigration services and its staff who have helped me in getting my immigration to Canada.

What seemed an impossible task was made easy with the professional guidance and support of Divya and her team.

I had originally applied for immigration to CANADA from Buffalow, while i was working in Canada. But due to unforeseen reasons i had to come back to India and the visa processing at Buffalow got delayed.

Finally I received an interview call from CCG at Detroit.

But I could not get the visa for US and as a result was distraught.

I got another interview date, but again the US authorities refused my visa.

After failing to attend the Interview at CCG, in Detroit twice, I was sure that my case for PR to Canada would be rejected.

But then " they say hope sustains life, and miracles do happen"

During this period i got in touch with Divya, who understood my case.

She is a very intelligent lawyer, but more than that I was touched by the empathy and the personal touch that Divya and her team (Reena and Ruby) showed me.

I believe, immigration to any country is a monumental decision in anyone's life and correct and honest guidance is a must.

Today I am on verge of getting PR.

I would highly recommend DIVA IMMIGRATION SERVICES to anyone seeking immigration to CANADA, AUSTRALIA or UK

Thanks Puneet
