

To,

Dina Immigration Services,
Sabot New Delhi.

We would like to take this opportunity to thank Dina Immigration services for their support & co-operation. When we came to Dina, we were quite confused of whether to take up their services. We got the opportunity to have a word with Ruby & Dinya. It was their confidence which persuaded us to take up their services & without even giving a second thought we went ahead.

According to us, it was their dedication, preparation of documents and their support, which we think got us the success. Finally, we were granted the working holiday makers visa.

Our sincere thanks to Dina, especially Ruby & Dinya. We would ^{like} to recommend their services to our friends & acquaintances with confidence.

Thanks & Regards.
